Three young lads, Orlan, Charlie, Hamilton, and Joe, were found near the Main Street; took it to Mr. Hamilton, who advised them to hand it to Mr. Clark. Mr. McFadden, on having the \$200 returned, gave the boys \$5.00, to be divided amongst them. They then advised what they would do with the money—some of them consulting Mr. Hamilton, who thought the best thing they could do was to start a savings account. It is most beautiful, radiant and sublime, and will appear in the Olympia Theatre on Friday and Saturday, April 12th and 13th.

In the paragraph last week Mr. K. W. Smith, with whom he had been presented with two beautiful hats and hats by the Central Hill W. L. on the occasion of their going to the H.C. for the first time, had to have read, "Presented by the Majestic and Fair Lake Women's Institute."

On Friday, March 22, at the farm home of Mr. and Mrs. John Coultas, much interest was taken in the fact that a young man, who had been with him since he was a boy, was being presented with two beautiful hats and hats by the Central Hill W. L. on the occasion of their going to the H.C. for the first time, had to have read, "Presented by the Majestic and Fair Lake Women's Institute."

Mr. and Mrs. John Coultas, who have been wintering with their daughter and son-in-law, Mr. and Mrs. (Rev.) J. Harris, at Fort Hargy, H.C. arrived home last Friday night.

"Surely I come quickly." These are some of the last words in the Bible. What do they mean? If words mean anything, they certainly mean that Jesus Christ will come again. Are you ready and expecting His return? What will it mean to you?

The Delia Branch of the Canadian Legion will hold their regular monthly meeting in Coates' Hall on Saturday next, April 6th, at 9 p.m. It will include a social hour, presided by Mr. Geo. Martin, and election of officers. All veterans are earnestly requested to attend.

A tea, sale of home baking and articles of fancy work, left over from our recent sale, the ladies of the United Church Ladies' Aid of the United Church, will be held on Saturday afternoon, April 6th, 1929, commencing at 9 a.m. in the hall. Formerly occupied by Mr. C. Grant. Donations of baking will be gratefully received—Adv.

"The King of Kings" picture is described as a most sublime drama. Suppose the scene, glorious in execution, a reverent and sublime faithful treatment of the great drama—the greatest tragedy—the crucifixion of Christ. It is most beautiful, radiant and sublime, and will appear in the Olympia Theatre on Friday and Saturday, April 12th and 13th.

SUPPLEMENT TO THE DELIA TIMES, THURSDAY, APRIL 4th, 1929

OFFERING 500 SHARES (Non-Treasury Stock)

WILLOW CREEK HOLDING CO., LTD.

THE COMPANY'S OFFICERS

PRESIDENT—A. N. WALKER, president and managing director of Alberta Central Distributors,
Limited, wholesale coal dealers and mining supplies.

VICE-PRESIDENT AND MANAGING DIRECTOR—Isaac Saunders, president of the Banner Coal
Company, Limited; president of the Stockmen Oil Ltd., and director of the Calgary Saddle, Ltd.

SECRETARY-TREASURER—J. P. Pearson, general manager of the Alberta Ice Company, Ltd.

CAPITAL: 50,000, No Par.

DOMINION CHARTER.

ISSUED: 40,000.

PROPERTY: Approximately 14,000 acres proven coal leases in the Willow
Creek field, valued at from \$100 to \$300 per acre.

Company's Policy

Leases to be subject to development company, and prospects are very good
to have from 6 to 8 miles in operation by next fall, on a royalty basis of
25 cts. per ton payable to the Holding Company.

The Company believes that inside of three years there will be a million tons
of coal shipped from this field annually. The Company has been advised by
competent engineers that there are four workable seams, and that the three
lower seams which have low moisture content and are of such hard quality
that this coal will successfully compete on the Ontario market, and will stand
shipment and necessary storage.

An eminent engineer from Salt Lake City has advised the Company that in
his opinion the lowest seams will ship to and compete on the Spokane market.

THIS COMPANY, IT SHOULD BE DISTINCTLY UNDERSTOOD, WILL DO NO ACTUAL MINING OR DEVELOPMENT WORK ITSELF. IT IS ESSENTIALLY A HOLDING COMPANY, AND
IS DESTINED TO PROFIT FROM THE SUCCESS OF EVERY PRODUCING COMPANY ON ITS HOLDINGS.

ALL COAL PRODUCED BY COMPANIES HOLDING
LEASES UNDER THE WILLOW CREEK HOLDING
COMPANY WILL BE MARKED UNDER THE FOL-
LOWING REGISTERED TRADEMARK:

DIRECTORS—W. McKinnon, mechanical engineer and former business manager of the Big Valley
Collieries; J. C. Dray, physician for the C.N. Ry.; Dr. McLaughlin, physician and surgeon. Typ-
ists above directors are all Calgary men. Isadore Demas, prosperous farmer on a large scale in the
Chinook district, and Wm. Meade, ex-railroad contractor and well-to-do farmer of Chinook.

This Company proposes to organize subsidiary companies, for development,
each mine being allotted approximately 500 acres. According to engineer's
report made by Duncan McDonald, mining engineer, and who was formerly
provincial government mine inspector, each unit of 500 acres contains approx-
imately 11,000,000 tons of extractable coal, which will take a mining
coal producing 200,000 tons per year, 55 years to mine all the extractable coal.
The Company plans a centralized selling agency in the east, working in co-
operation with the mining companies. This will open up an exceedingly
large market and will ultimately mean that, with the local and eastern mar-
kets established, the mining operations will run possibly nine or ten months
each year.

The Company now has on hand tentative contracts ready for signature from
two firms for 160,000 tons of coal to be delivered this next fall and winter.
The 14,000 acres of coal lands through which the Willow Creek Valley runs,
make it practical to install the sidetrack accommodation required for approx-
imately 25 miles. Several other companies are mining on adjacent properties,
and the conditions found in their mines, together with an examination of the
outcroppings found on Willow Creek, make it possible for engineers to re-
port fairly accurately on the available coal reserve and mining condition.
The Drumheller Power Co. have already installed their lines on this property.
